OBJECTIVE

I am a final year student with Informatics major focusing in Android Development at State Islamic University Syarif Hidayatullah Jakarta, seeking the opportunity to implement my knowledge and skills to make a contribution in your organization. I have excellent communication skills, leadership skills, and responsibility which have helped me to become a Lead of Google Developer Student Clubs at my university. And all of that can happen because I have high self-confidence and love to improve myself and learn other new experiences. In addition, I can establish and maintain effective working relationships with employees, team leads, supervisors, and organizations, either working as a team or as individual.
